

The Language of
Modern Luxury

MARBELLO
collection

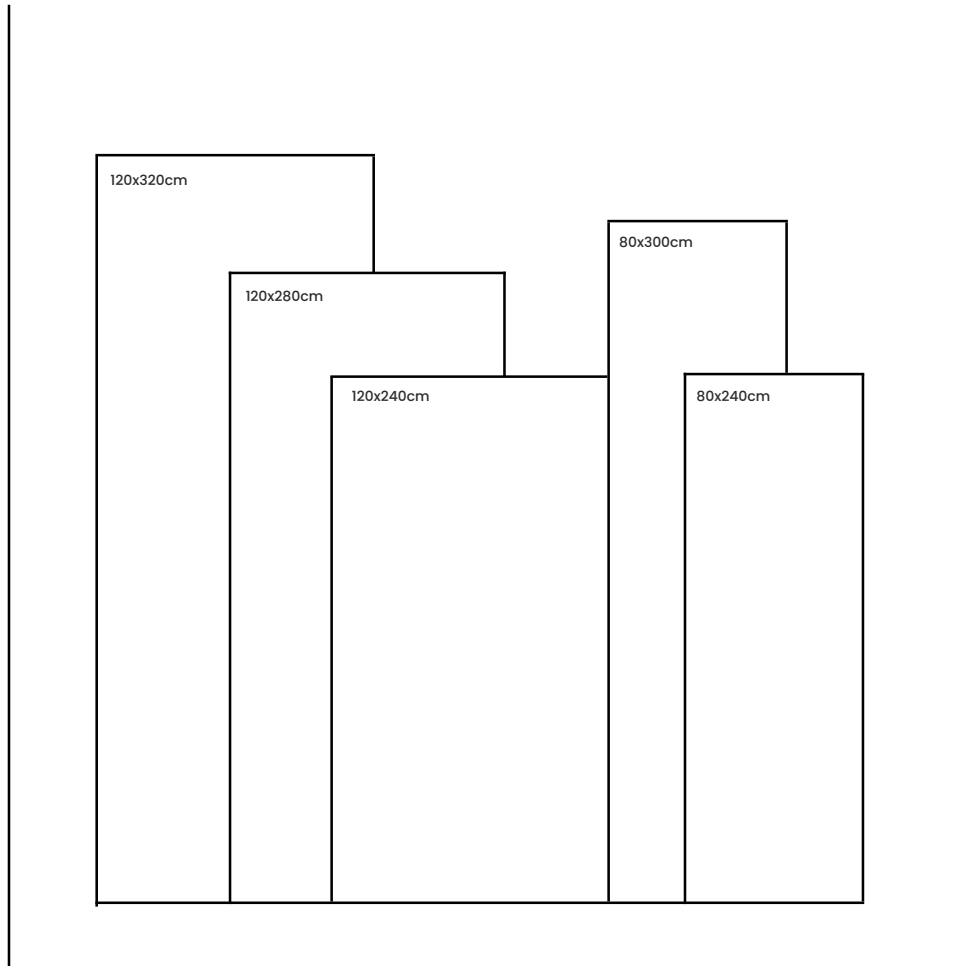

Born from the Heart of Stone

Inspired by the untouched beauty of raw marble, the Marbello Collection traces its origins back to the grandeur of natural quarries. Each slab reflects the purity, strength, and timeless character of stone in its most authentic form. Crafted to carry forward this legacy, Marbello transforms raw inspiration into refined surfaces for modern spaces.

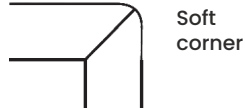

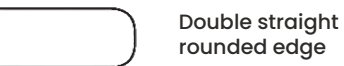

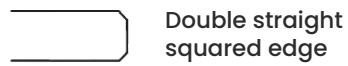

ENDURING THICKNESS ENDLESS POSSIBILITIES

Designed to adapt to every space, this collection brings together robust thickness and flexible sizing to unlock complete creative freedom. Whether shaping bold statements or subtle elegance, the range allows seamless execution of your design vision. With a perfect balance of strength, scale, and aesthetic depth, each surface transforms spaces into refined, cohesive environments that feel both dynamic and timeless.

ART OF EDGE

Every edge tells a story of precision and purpose—crafted to enhance both aesthetics and functionality. From sleek minimal cuts to bold defined profiles, each finish adds a distinct character to the slab. Explore the subtle details that transform surfaces into statements of refined design.

APPLICATION AREA

When designing a space, Marbello Collection frees you from limitations of practicality or application. From elegant kitchens to sophisticated living areas, each slab brings a seamless blend of durability and refined aesthetics. Whether it's bold or subtle, Marbello transforms every corner into a statement of timeless luxury.

THREE BODIES ONE EXCELLENCE

Engineered for versatility and performance, each body—white, grey, and black—offers its own unique strength while delivering the same superior surface finish. From purity to balance to boldness, every slab is crafted to meet diverse design needs without compromising on durability or quality. Different in core, yet united by one standard of excellence.

White Body

Defined by purity and precision, the white body offers a clean and refined foundation that enhances surface brightness and clarity. Its uniform composition ensures a flawless finish, making it ideal for spaces that demand elegance, consistency, and a timeless visual appeal.

The attention seeker you would love to attend every minute. Step up and experience the heavenly grandeur beneath your feet.

Manually Transporting Immoderate

1. Moving A Immoderate Tile Only for 1/4" Slabs

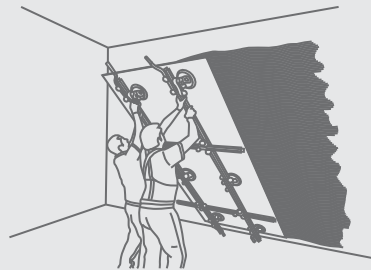

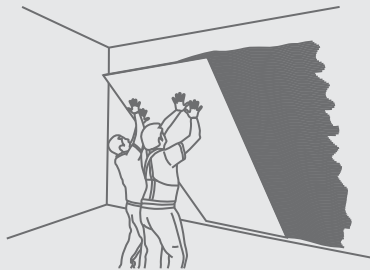

2. Raising a Immoderate Tile onto a Bench

✗ INCORRECT

✓ CORRECT

3. Handling Immoderate Tile for Wall

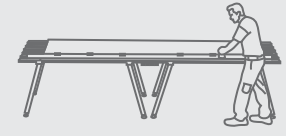

✗ INCORRECT

✓ CORRECT

Working With The Various Versions of Immoderate

1. Cutting with Diamond Discs

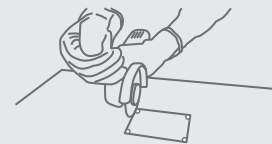

Our products can be cut using diamond discs fitted onto the hand-held electrical grinding machine. The speed of Disc rotation must be high (>10000 RPM) and should have a low feed rate (< 1 m/min). It may be required to cool the disc with water. Recommended discs are the thin types generally used for cutting porcelain stoneware. The surface should be kept on a FLAT base while cutting without any gap underneath

2. Drilling

You can use cutting discs fitted to battery-operated screwdrivers or angle grinders, electrical drills as an alternative.

3. Internal Cut / L-Shaped Cut

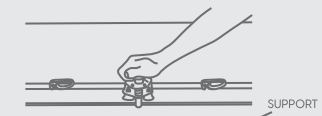

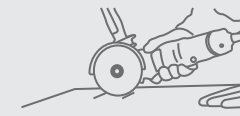

To get internal and L-shaped corners & to reduce the risk of breakage, round o the vertex of the internal corner using bits with a radius of at least 5mm. Then cut with diamond discs, be cautious to stop moving the cutting tool forward. To drill and cut using diamond discs, follow the instructions provided above.

When using these tools:

- Cool the point being drilled with water
- Don't put too much pressure and bear in mind the resistance of the type of laminated stoneware you are working on
- If you are using tungsten bits, start drilling at a low speed
- If you are using drills or screwdrivers, do not select hammering mode

4. Edge Finishing
